PRESS RELEASE

BSF JOINS HAND WITH CRY **ON WORLD DAY AGAINST CHILD LABOUR**

BSF as first line of defence to the Nation, is premier Border Guarding Force with all its dynamism, preparedness and public sensitivities. As a result, BSF is making remarkable contributions on the human side of the social existence as an operational inevitability. Not only it has done its best with containment of human trafficking, in particular women and children on Indo-Bangladesh border, which ranges between 4-6 thousand per annum, it has also undertaken skill generation programme for children and youth in border areas as part of community Action programme. BSF alongwith its NGO – ‘BWWA’, a family welfare organization has also undertaken projects for the betterment of destitute children, Divyangs and those in such remote areas that are conflict ridden too like J&K, Chhattisgarh and Odisha.

2. In the same pursuit, BSF feels privileged to collaborate with the initiative of CRY, alongwith Delhi Police in spreading awareness for the protection and development of children who constitute more than 50% of the total population. Many children die, commit suicide or are exploited. We got to not only save them but transform this human asset in its optimal best. This is essential for a safe and prosperous society. BSF resolves to do whatever best it can in this global mission.

3. Today is World Day against Child labour and BSF joins hand in forming the human chain organised by CRY to amplify the Call against Child Labour and with a resolve to ensure safety of children from work, wherever and whenever possible and to create a happy and healthy environment for them. Bordermen hope that the visibility of this effort will resonate and it will reach out to public consensus ensuring the Child rights.
